

HCRD-25802 shows a PB approved subdivision creating parcel D-20-1, see detail.

However, I don't find this in the Feb 2023 Owner's List from Jen, nor in the Tax Maps.

Do you know anything about this mystery subdivision?

Since it is in the Registry and Planning Board approved, should it be included? Or has it lapsed and no longer exists? If the latter, does the PB have to register a formal revocation?
